

Live and Let Go

[Anna Bergendahl](#)

I've waited for the train
And I waiting for you
Just waiting to leave this town
I know our time's up
But we'll never know
If this train comes back around Watching as the trees go by, go by
Watching as the leaves fall down I'm shedding my skin
Leaving it behind
Can you tell me where this train is bound I could live and let go
But I'd rather just go, I'd rather just go I could ride the high's and low's
But I'd rather just go, I'd rather just go
I'd could learn to love again
I'd could learn to love again I can turn this train around
But I'd rather just go We tried picking up the pieces
And following the signs
And the abandoned road begin We turned the last pages
To many times but this is where the story ends Watching as the trees go by, go by
Watching as the leaves fall down I'm shedding my skin
Leaving it behind
Can you tell me where this train is bound. I could live and let go
But I'd rather just go, I'd rather just go
I could ride the high's and low's
But I'd rather just go, I'd rather just go I could learn to love again
I could learn to love again I can turn this train around
But I'd rather just go We could live and let it go The time without you moves so slow When the li-i-i-ght
Is so left out And the only one you love is letting go I'd rather just go
I'd rather just go
