Out Of My System

SPC ECO

I'm lighting a fire on an empty day
That lies in the bottom of a sadder day
The more I'm there, distance seems to break us down
Out of my system
All out of my system, break it down
Break it downOut of my system
All out of my system, break it down
The light it falls down on an empty day
The lies of another love drifting awayYou're breaking the rules like I knew you would
You say that you'd stay but you never could
Tired of all the pain and suffering
To me, the more I'm thereDistance seems to break us down
Out of my system
All out of my system, break it down
Out of my system
All out of my system, break it down
Break it down
And the more I'm there, distance seems to break us down
Break it down
