

# Cellophane

## Knapsack

Forty more than I can take today  
Wrap it up in cellophane  
Throwing out for safety's sake  
'Cause they'll just think it sounds the same(Chorus)  
I'll go a day  
I'll go a day  
I've gone for daysI know a way  
I know the way  
But I can't speakAnd if I stay  
Well I'll have to make this up  
Sixteen days to find a way  
To try and get this shutAnd I'll be gone  
So I'll be safe  
Busy scratching out this ache  
Taking pressure off my face  
We'll throw this out for safety's sake(Chorus)  
I'll go a day  
I'll go a day  
I've gone for weeksI know a way  
I know a way  
But I can't speakAnd if I stay  
Well I'll have to make this up  
Sixteen days to find a way  
To try and get this shut
