

# Truth Can Break a Bone

[Frankie Chavez](#)

Soon you'll find what you came here looking for  
Soon you'll get what you deserve  
The world is round so you better watch your step  
'Cause you never know what you're gonna get  
Is this really living or some crazy way to die?  
You think time is on your side?  
Sometimes it's hard to put yourself in someone else's shoes  
But that's really something you should do  
You say you can't live without me but I know someday you'll try  
And then our love will fade up in the sky  
Is this really living or some crazy way to die?  
You think time is on your side?  
Is this really living or some crazy way to die?  
You think time is on your side?  
And even if you're used  
to sticks and stones  
sometimes truth can break a bone  
Is this really living or some crazy way to die?  
You think time is on our side?  
Is this really living or some crazy way to die?  
You think time is on your side?
