# We Got This

## A Day to Remember

[Chorus]
To anyone who's alone in a crowded room
Put your hands up high, sing it out of tune
It's these late night hours we spend that help me up from down
We got this[Verse 1]
You're just like me when I was your age
We all knew better, name it, we've been there
When I had a place that I could call my own we spent most days counting the ways we would get through it
But they said we were stupid now all those kids say they knew us so well
Come on get real
[Chorus]
To anyone who's alone in a crowded room
Put your hands up high, sing it out of tune
It's these late night hours we spend that help me up from down
We got this[Verse 2]
I'm not afraid of anything
Here's to the future
It was nice that I knew ya
Go find something that makes you feel complete[Chorus]
To anyone who's alone in a crowded room
Put your hands up high, sing it out of tune
It's these late night hours we spend that help me up from down
We got this[Bridge]
You're just like me
Things do get better
Trust me I've been there
You're just like me
Things do get better
Trust me I've been there
You're just like me
Things do get better
Trust me I've been there
You're just like me
Things do get better
Trust me I've been there[Chorus]
To anyone who's alone in a crowded room
Put your hands up high, sing it out of tune
It's these late night hours we spend that help me up from down
We got this

To anyone who's alone in a crowded room
Put your hands up high, sing it out of tune
It's these late night hours we spend that help me up from down
We got this
Yeah we got this
