Never Stop

The Brand New Heavies

Never stop never giving up
Never stop never giving up
Never stop never giving upNever stop never giving up
Never stop never giving up
Never stop never giving upGive it up, feels so good to be together
Spending some time, makin' love
Makin' plans to last forever
Stayin' true until the endTrue, there ain't a minute in the the day that's without you
Hoping that you feel it too
What you want? What you're feelin' I am feelin' too?
Never stop never giving upNever stop never giving up
Never stop never giving up
Never stop never giving upEvergreen, growin' up but fadin' never
This is what our love became, free at last
Free from all the pain and sorrow
Never feel the hurt againTrue, there ain't a minute in the the day that's without you
Hoping that you feel it too
What you want? What you're feelin' I am feelin' too?
Never stop never giving upTrue, there ain't a minute in the the day that's without you
Hoping that you feel it too
What you want? What you're feelin' I am feelin' too?
Never stop never giving upTake your time won't you try love
Not a thing you can buy love
Take your time won't you try love
Not a thing you can buy loveNever stop never giving up
True, there ain't a minute in the the day that's without you
And I'm hoping that you feel it too
What you want? What you're feelin' I am feelin' too?
Never stop never giving upOh true baby baby
Never never stop, you never never never never never come
Never stop, never stop
