18 Miles To Memphis (Live-Helsinki)

Stray Cats

We've been driving all night long just to reach our destination in your town
We've come five hundred miles, everyone's asleep there's not a sound
Ooh eighteen wheels are rolling
Eighteen wheels are rolling round and roundPlease mister driver won't you pull over, we're really hungry
We'll have fourteen steak and eggs
Fourteen orange juice, fourteen cups of coffee
Let's get back on the bus, this is one place that I really wanna seeWell we're eighteen miles to Memphis
Eighteen miles to Memphis
Yeah, eighteen miles to Memphis
Eighteen miles to MemphisGot a rocket in my pocket and I hit the fuse
Takin' off in your direction, have you heard the news?
We're eighteen miles to Memphis
We won't leave 'til we've rocked you all, ohhOh 'til we've rocked y'all
YeaAlabama, Mississippi, Florida, Louisiana
Big 'ol Texas, big 'ol Texas
From New England down to Georgia, Kansas City, Colorado, California
Let's get back on the bus, this is one place that I really wanna seeOhh we're eighteen miles to Memphis
Eighteen miles to Memphis
Eighteen miles to Memphis
Eighteen miles to Memphis
Eighteen miles to Memphis
Eighteen miles to Memphis
Ohh, eighteen miles to Memphis
Eighteen miles to Memphis
Well we're eighteen miles to Memphis
We won't leave 'til we've rocked you all
