

# Card Shark

## Double J

There are many kinds of fish that swim in the sea  
There are others that swim in the dark  
All of those tropes and trouts, and dolphins and whales  
The one you must watch is the shark

Card shark, yes m'am  
Hit them in the nose  
That old card shark

Card shark, yes m'am  
Hit them in the nose  
That old card shark

Now I sat me down to have some fun  
I jumped in the tank for a spill  
I blew the lid in the bunk house and saw some bandits on the run  
I went down to get water from the well

Card shark, yes m'am  
Hit them in the nose  
That old card shark

Card shark, yes m'am  
Hit them in the nose  
That old card shark

Now settle and sober, turn it all around  
Toss in the towel and have a kick  
Stuck in the rear, all for the beer  
Waddle down in the road, like a brick

Card shark, yes m'am  
Hit them in the nose  
That old card shark

Card shark, yes m'am  
Hit them in the nose  
That old card shark

That old card shark
