

# Yours to Keep

## August Moon

Please just wait for me  
To set you free from this place  
Please just waitChorus:  
And I'll be everything you wanted  
I'll be everything you need  
I'll be there to make you feel wanted  
I'll be yours to keepYou told me you don't feel loved or needed  
You wake up always crying  
You forgot what it means to smile  
Given up on everybodyBut please don't give up on me x3  
No, please don't give up
