

# Out On a Limb

## Armored Saint

Bureaucratic crap  
Can't keep me humble  
Money minded saps  
Are taking a tumbleLies  
Every word becomes a lie, lie  
Lies  
All the words you speak are bugging meOut on a limb with no reply  
Brain, pain  
Out on a limb with no replyHeard about your trip  
In the Bahamas  
Wrote and sent you a tape  
But you don't want to botherLies  
Every word becomes a lie, lie  
Lies  
All the words you speak are bugging meOut on a limb with no reply  
Brain, pain  
Out on a limb with no reply  
Brain, painOn board, I ride this world  
It makes me wait, you don't say  
Unspoken robots seniles  
9 to 5'er make me a style  
Give me a breakLies, lies, lies  
Bugging meOut on a limb with no reply  
Brain, pain  
Out on a limb with no reply  
Brain, painOut on a limb with no reply  
Brain, pain  
Out on a limb with no reply  
Brain, painBrain, pain, brain, pain  
Brain, pain, brain, pain  
Brain, pain, brain, pain  
Brain, pain
