We Don't Care

Shampoo

You're scared of us of our innocence and our sex
You're so scared of us, so you stare at us
You just stare at usWe don't care if you think we're dumb
We don't care about anyone
We don't care because we're young andOur time has just begun our time has justYou heard of us, you've seen the pictures
Read the lines, you're so scared of us
Because we're young, we're aliveWe don't care if you think we're dumb
We don't care about anyone
We don't care because we're young andOur time has just begun our time has just begunWe've got fifteen minutes before we go pow
We've got fifteen minutes, we want our fifteen minutes
And we want 'em nowWe don't care if you think we're dumb
We don't care about anyone
We don't care because we're young andOur time has just begun our time has just
Begun, our time has just begun
