Say It Again

Santana

It gives me such a thrill
When you tell me 'bout the way you feel
It really makes my day
I just love to hear you saySay it again, say it high, say it low
Say it again, so the whole wide world will know
Say it, that you're still lovin' me
Still lovin' me, still in love with meYou know it sounds so sweet
It just knocks me right up off of my feet
To hear you talk that way
I just love to hear you saySay it again, tell me where, tell me when
Say it again, that our love will never end
Say it, that you're still lovin' me
Still lovin' me, still in love with meI hear the echoes in my mind
They're calling to me all the time
I hear those voices start to sing
Again and againIt gives me such a thrill
When you tell me 'bout the way you feel
It really makes my day
I just love to hear you saySay it again, say it high, say it low
Say it again, so the whole wide world will know
Say it, that you're still lovin' me
Still lovin' me, still in love with meSay it again, tell me where, tell me when
Say it again, that our love will never end
Say it, that you're still lovin' me
Still lovin' me, still in love with meSay it again, say it high, say it low
Say it again, so the whole wide world will know
Say it, that you're still lovin' me
Still lovin' me, still in love with meSay it again, tell me where, tell me when
Say it again, that our love will never end
Say it, that you're still lovin' me
Still lovin' me, still in love with me
