One Wish (for Christmas)

Whitney Houston

Ooh ooh ooh ooh
If there were no presents
Waiting on Santa's sleigh
What would I wish
For Christmas
And if Frosty, the Snowman
Were melting away
I would pray for hope and unity
On Christmas day
If I had one wish for Christmas
There would be joy and peace here on earth
If I had one wish for Christmas this year
We would all come together as one
If Rudolph and his reindeer
Ran into delays
I'd still hope for joy
This season, yeah
And if somehow Santa
Got lost on his way
I would try to find a way to smile
Smile on Christmas day, oh
If I had one wish for Christmas
There would be joy and peace here on earth
If I had one wish for Christmas this year
We would all come together as one, oh yeah
You know it ain't about
All those material things, no, no
What you've gotta think about
Is the love Christmas brings, yeah yeah
If I had one wish for Christmas
There would be joy and peace here on earth
If I had one wish for Christmas this year
Then we'd all come together as one
If I had one wish for Christmas
There would be joy and peace here on earth
If I had one wish for Christmas this year
That we'd all, we'd all come together as one, as one yeah
