

House

The McClymonts

I dont want to complain but my mouth runs away when i sing on a stage about the way that we used to be... be
yeah

Hey about the break up and make up

Dont wanna say something wrong just in case you can put the blame on me

Oh sue me

It never entered my mind how things would be on the other side

I got a house

i'll make a home

Dont go to work

I'm playing shows

I used to always be thinking 'bout

everything I'm not instead of everything I've got

I always find something wrong even if i am a long shot from being complete even now that im on my feet

I got all I need yeah

I got a house

I'll make a home

Don't go to work

I play shows

I used to always be thinking about everything I'm not instead of everything I've got.

Ive got a house

I'll make a home and if there's more I'll never know

I used to always be thinking aboit evweything I'm not instead of what I got.

I used to always (be thinkin bout everything I'm not)

I used to always (be thinking bout everything I'm not)

I used to always (be thinking bout eveeything I'm not)

I dont need to complain got this blood in my veins when I'm singing on stage cause I got everything I need.

It never entered my mind how things would be on the other side.

I got a house

I'll make a home

Dont go to work

I go to shows

I used to always be thinking bout everything im not instead of everything I got
