

# Between The Sheets

## The 411

I'm so scared; cause along with this infection I will fear rejection  
She is all I ever wanted, and I'm not the one, the only one  
Through sheets you will teach and I will learn  
I've always wanted you to know  
Don't care even if these sheets did burn  
I'm scared, full of fear, but aware and so, you need to know.  
I don't wanna be your lover, I just wanna be myself  
You can hide between the covers, and taste the bitterness you've given to me.  
I don't wanna be your lover, I just wanna be myself  
Why can't we just be together, and say this is how we wanted to be?  
I can't stand since the birth of this inception we've been deemed a collection  
You don't have to go on girl, cause I can feed your appetite  
Why can't you conceive this?  
Through sheets you will teach and I will learn  
I've always wanted you to know  
Don't care even if these sheets did burn

I'm scared, full of fear, but aware and so, you need to know.  
I don't wanna be your lover, I just wanna be myself  
You can hide between the covers, and taste the bitterness you've given to me.  
I don't wanna be your lover, I just wanna be myself  
Why can't we just be together, and say this is how we wanted to be?  
All she's got, is all I need  
All that she wants and all that she needs, she can't give to me  
All that she wants and all that she needs, all that she wants and all that she needs  
You can't taste these lips for free  
I don't wanna be your lover, I just wanna be myself  
You can hide between the covers, and taste the bitterness you've given to me.  
I don't wanna be your lover, I just wanna be myself  
Why can't we just be together, and say this is how we wanted to be?  
I don't wanna be your lover, I just wanna be myself  
Why can't we just be together, and say this is how we wanted to be?  
I don't wanna be your lover, I just wanna be myself  
Why can't we just be together, and say this is how we wanted to...
