California Rain

Madeleine Peyroux

California rain is fallin'
I can hear the summer callin'
Far away, far away
A song that's fadin'Put me on a plane tomorrow
I'll try to run from all my sorrow
Far away, far away

From endless waitin'It's so cold here without the sun
I'm so sad here far away from everyoneWhat a fool to be ambitious
Moving here with all of my wishes

Far away, far away

From where my heart is Shut the phone off and pack my bags
No more boys who boast and brag

Far away, far away

Where I belongI'm so sorry for some things I've done
I'll be lonely till I can see my only oneCalifornia rain keeps fallin'
I can hear that old love callin'

Far away, far away
Where I startedIm goin' back, back where I belong
Gonna catch a train
Gotta get back where I belong
Get back
