

Rose of Sharon

Title Fight

Lately life moves slow
I stop to smell a rose
Inhale
Press its thorns against my nose
Stood in
One place
Careless
Change
Can't escape
I'm a part of you
Engraved
In the stone
Do you feel it too?
Stood in one place
Restrained
Roses, like me
Need rain
Try hard not to care
The world won't cease to turn
A name you didn't chose
Is left in place of you
Can't escape
Careless change
