Into the Fire

Dokken

You weave your spell, your eyes they beckon me Your lips they speak, lies and misery I know it's wrong, but I can't turn away The flames draw near, they're telling me to stayInto the fire I'm falling Into the fire I'm falling Into the fire, into the fire Into the fire I'm falling, into the fire Your love burns bright and yet the flames are cold This time I fear you won't be back no more When will it end, your love consumes my soul Into the fire I'm being tempted once moreInto the fire I'm falling Into the fire I'm falling Into the fire, into the fire Into the fire I'm fallingTake me back where I came back Don't wanna see your face no more You broke my heart now it's not the same I'm falling again, I'm falling againInto the fire, into the fire, into the fire Iinto the fire, I'm falling again Into the fire, into the fire I'm falling againInto the fire I'm falling Into the fire, into the fire, into the fire I'm falling into the fire
