

# Uneasy Hearts Weigh The Most

## Dance Gavin Dance

To feel her touch  
It's almost impossible to hold still  
Maybe we can go back to the way it was  
Well at least let me love you the same I got lies to tell your children  
When my smile pierces through your bones  
Right through your bones  
(Through your bones)  
The grass is green inside my yard  
I can make you laugh so fucking hard it hurts you  
Inside your bones  
(Inside your bones) She talks, I listen, she's in the shower and her skin glistens  
Like oh my god I like it  
Like oh oh god I like it I suggest a drive, let's take the back road  
Let's get lost let's lose our minds  
Hey, little girl, I think we found it tonight  
I think we glow that fucking bright, oh  
And when she laughs I like it  
Like "oh ha ha ha ha ha" I got lies to tell your children  
When my smile pierces through your bones  
Right through your bones  
(Through your bones)  
The grass is green inside my yard  
I can make make you laugh so fucking hard it hurts you  
Inside your bones  
(Inside your bones) "Holy shit she smells like heaven  
Been best friends since we were eleven  
And oh my god I like her..."  
"Yeah, I heard you like her..."  
Baby, I thought that we had something  
Compared to him I'm next to nothing  
Oh my god I like her..."  
"Yeah I heard you like her..." I am a million fucking bucks  
I am a thousand fucking bucks  
Your bitch is dead she was hit by a truck  
What the fuck! "Holy shit she smells like heaven  
Been best friends since we were eleven  
And oh my god I like her..."  
"Yeah, I heard you like her..."  
Baby, I thought that we had something

Compared to him I'm next to nothing

Oh my god I like her..."

"Yeah I heard you like her..."
