

Nobody Knows Me

Madonna

I've had so many lives
Since I was a child
And I realise
How many times I've died
I'm not that kind of guy Sometimes I feel shy
I think I can fly
Closer to the sky
No ones telling you how to live your life
But it's a setup until you're fed up This world is not so kind
People trap your mind
It's so hard to find
Someone to admire
I I sleep much better at night
I feel closer to the light
Now I'm gonna try To improve my life
No ones telling you how to live your life
But it's a setup until you're fed up
It's no good when you're misunderstood
But why should I care? What the world thinks of me
Won't let a stranger
Give me a social disease
Nobody, nobody knows me
Nobody knows me
Nobody knows me
Like you know me...
No ones telling you how to live my life
But it's a setup, and I'm just fed up
It's no good when you're misunderstood
But why should I care? What the world thinks of me
Won't let a stranger
Give me a social disease
I I sleep much better at night I feel closer to the light
Now I'm gonna try
To improve my life
Nobody, nobody, nobody, nobody knows me
Nobody knows me
Nobody knows me
Like you know me
*Nobody knows me Nobody knows me

Nobody knows me
Like, like you know me
Like you know meLike you know me
Like you know me
Like you know me
*(Its no fun but the damage is done
Don't want your social disease
Don't want your social disease)
**Nobody knows me
Nobody knows me
Nobody knows me
Like you know me
Nobody knows me
Nobody knows me
Nobody knows me
Don't want your social disease
