

The Thaw

Biffy Clyro

Tonight were going to share the same space
To see what will become of it
Forgive me if my mouth is dry
I blame it on my battle cryThe secrets in the snow
Will always come out in the thaw
All those terrible things
can't you entertain us allTonight we're going to share the same space
Just if you invite me in
Forget it cause you should of tried
How are you unsatisfiedThe secrets in the snow
Will always come out in the thaw
All those terrible things
Can't you entertain us allYou could of taken it all but you should of asked
I would of given you my tongue or my dying breath
Please believe in me like I believe in you
The only thing to see us through
You could of taken it all but you should of asked
I would of given you my tongue or my dying breath
Please believe in me like I believe in you
The only thing to see us through
The only thing to see us through
The only thing to see us through
The only thing to see us through
The only thing to see us throughTonight we've all shared the same space
Has anything become of it
