

In My Dreams

The Judds

In my dreams
You belong to me
She doesnt mean a thing
She never wore your ringIn my dreams
My greatest wish comes true
My arms are holding you
In my dreamsI hear your laughter and I taste your lips
I feel you tremble at my fingertips
Each night youre mine
But each morning finds you goneIn my dreams
My soul is wide awake
Craving the love we make
In my dreamsI hear your laughter and I taste your lips
I feel you tremble at my fingertips
Each night youre mine
But each morning finds you goneIn my dreams
Ill hide this love I steal
Till you feel what my heart feels
In my dreamsIn my dreams
In my dreams
In my dreams
