

# Masque Of The Red Death

## Crimson Glory

The pain lingers on beyond these castle walls  
The red death is taking them all  
While the king and his court dance the night away at the masquerade  
The hour of midnight grows near Masque, masque of the red death  
No one is safe from the poisonous plague that you breed Dance while you may in the dark of the room with the  
stranger  
Laugh while you may, laugh at the danger  
Is this a message from God or fate guiding hideous hands?  
(You are wicked)  
Won't you show us you, show us your face? Masque, masque of the red death  
No one is safe from the poisonous plague that you breed  
Masque, masque of the red death  
No one is saved, no one remembers your name, your name On and on, one by one we fall into the bleeding arms  
of the stranger  
Ripping the masque from your face  
I feel your disease running through my veins  
A new king of death threatens us all Masque, masque of the red death  
No one is safe from the poisonous plague that you breed  
Masque, masque of the red death  
The price that you pay for your lust may be your life
