How Does It Feel?

Eskimo Joe

You live so much, it's like you're dying
You can't get up, your body's trying
Oh you're build so tall, it's like you're flying
But rocks that fall, the sky keeps climbingYou're gonna lose everything
You're gonna lose everything
You're gonna lose everything
You're gonna lose everythingHow does it feel?
How does it feel?I'm not scared so much of trying
But don't look up, you might start flyingYou're gonna lose everything
You're gonna lose everything
You're gonna lose everything
You're gonna lose everythingYou're gonna lose everything
You're gonna lose everything
How does it feel?
Oh, how does it feel?I wanna know
I wanna know
How does it feel?
Oh, how does it feel?You're gonna lose everything
You're gonna lose everything
How does it feel?
Oh, how does it feel?You live so much, it's like you're dying
You can't get up, your body's trying
Oh you're build so tall, it's like you're flying
But rocks that fall, the sky keeps climbing
