

Honky's Ladder

The Afghan Whigs

Advisory - the following lyrics contain explicit language:

Got you where I want you motherfucker
I got five up on your dime
And if you wanna peep on something
Peep what I got stuck between your eyes And since I don't believe a word you say
Save it for another, baby brother
Swallow time to pay Up on the ladder they sing
How high?
Does a brother have to climb
To touch the light But wait 'til I get done with you
If you tell me
"Don't get mixed up with the Devil"
That's exactly what I'm gonna do Caught you while you waited
For your boy to come and fix you up again
Come a little closer, baby
I only wanna try to be your friend Since I ain't got nothing left to lose
Got you where I want you, motherfucker
Don't you try to move Up on the ladder they sing
How high?
Does a brother have to climb
To touch the light Won't you take me up there with you?
You said you would
No one ever could shake
That ladder, baby like I could So I wait
And I wait
And I wait
And I wait Up on the ladder they sing
How high?
Does a brother have to climb
To touch the light Won't you take me up there with you?
You said you would
No one ever could shake
That ladder, baby like I could

Like I could, like I could
