

Fifteen

Never Shout Never

Just the other day she was a little girl
Taking over the world
With her smile But just the other day I saw that little girl
Taking a tongue down her throat
By a boy that didn't give a damn, That she was only fifteen
Cause she was more than willing
To take a chance to find romance and grow up fast,
But I
Know she is so much better
Than to give it all away to the first guy, first try, first lie,
First goodbye. Just the other day she was a little girl
Taking over the world
With her laugh And just the other day I saw that little girl
Taking her time with him
And I can't say I've ever been so proud Cause she Is only fifteen
But she is more than willing
To take a chance to find romance to grow up fast,
But I
Know she is so much better
To give it all away to the first guy, first try, first lie,
First goodbye.
