World's Most Dangerous

Ja Rule

Uh uh uh yeah uh uh
I could see it in your eyes
Ya'll niggas is scared of us
Declarin' us the world's most dangerous
You don't wanna see me rise
Because when we get high we get 'em
Should have seen how we did' em
Must a been the weed in 'em
But as long as I'm alive
I'm a show the world my struggle
My pain, my hunger, my hustle
You can put it on my life
'Cause I do it for my niggas
For the love of my bitches
If you wit' me, feel this
For what it's worth everything that I believe in
My Lord, if they saw where a nigga been
Would they applaud my acheivements?
I'm killing these niggas for a reason
Laying them down, ain't nothing for now while I'm breathing
I'm ride for niggas, that ride for me
Knowing in my heart that these same niggas would die for me
Bleed, tears of love for lost blood
You can see the pain in my eyes and what it does and why
I don't give a fuck whether I live or die
I'm a paint this world a portrait of my mind
Show 'em, if they deny it blow 'em
Past me the iron let me bite them wit' the bulldog made by design
Niggas gon' give me mines and get in line for the torture
I swear, run any closer to air, my bullets travel wit' prayers
Guns blazin' in pairs, who the nigga you fear
JA Rule, motherfuckers, all my hoes and hustlers
Ride wit' me, get a feelin' on how this world did me
Was curious 'till it all hit me
But it's clear now though it's a narrow hall that I stare down
I'm huggin' the bars kissin' the ground
Fuckin' around wit' the Rule nigga
What you tryin' to do make me put a hole in you and your bitch too
Let's make this an issue, how we do it thug style

Turn the lights off world, enter the lockdown
I could see it in your eyes
Ya'll niggas is scared of us
Declarin' us the world's most dangerous
You don't wanna see me rise
Because when we get high we get 'em
Should have seen how we did' em
Must a been the weed in 'em
But as long as I'm alive
I'm a show the world my struggle
My pain, my hunger, my hustle
You can put it on my life
'Cause I do it for my niggas
For the love of my bitches
If you wit' me, feel this
This is a nigga livin' his life, in gripes wit' the world
I need to be high and cop ice girl, fuck a price girl
With no problems at all, I'm ready to ball
On call killers from Atlanta to Dainamall
N-Y baby, you see why, we the world's murderous guys
With Mafia ties, fuck around and die
It found myself me and my nine
Doin' a jooks stickin' to crime
A true crook in 9-9
My nigga you holdin' me down
We fuck around and start killin' these clowns
We're hittin' 'em now, fools, lie down, for quaters to halves to pounds

Nigga, I'm seein' triple of the breakdown
That's what I make now, and nothin' flake now
Fuck the law, 50-50 love showed across the board
I'm a crook ready for war, mutha fucka spittin' gutta for sure
That's on my life pushin' the ready, rock steady
On every block, aight!
I could see it in your eyes
Ya'll niggas is scared of us
Declarin' us the world's most dangerous
You don't wanna see me rise
Because when we get high we get 'em
Should have seen how we did' em
Must a been the weed in 'em
But as long as I'm alive
I'm a show the world my struggle
My pain, my hunger, my hustle
You can put it on my life

'Cause I do it for my niggas
For the love of my bitches
If you wit' me, feel this
Fuck the world if they can't see
I'm a bastard hollerin', "Fuck me!"
Blaze to the death and die with dignity
For the life of me, I just wanna remain
A nigga that's loyally loved through his levels of pain
And I won't be contained, even if you incarcerate
Still I'm only in chains, bury bread and stash the range
It's how a thug would do things, get arranged
Start diggin' for change then get back in the game
And try to see through my thoughts, why
You ain't read for what's on my mind, too inclined
One of God's feared and most greatest design
See, any nigga that lies, is a nigga you watch
Make him easy to dot, send him in a rag-gedy box
You lookin' me in my eyes, huh?
What you saw? My visions of pain? My lust for sluts and whores?
I'm a wild nigga, might a heard of my foul niggas
Ya'll ain't ready, it's fuckin' murda, you bitch niggas
I could see it in your eyes
Ya'll niggas is scared of us
Declarin' us the world's most dangerous
You don't wanna see me rise
Because when we get high we get 'em
Should have seen how we did' em
Must a been the weed in 'em
But as long as I'm alive
I'm a show the world my struggle
My pain, my hunger, my hustle
You can put it on my life
'Cause I do it for my niggas
For the love of my bitches
If you wit' me, feel this
I could see it in your eyes
Ya'll niggas is scared of us
Declarin' us the world's most dangerous
You don't wanna see me rise
Because when we get high we get 'em
Should have seen how we did' em
Must a been the weed in 'em
But as long as I'm alive
I'm a show the world my struggle
My pain, my hunger, my hustle

You can put it on my life
'Cause I do it for my niggas
For the love of my bitches
If you wit' me, feel this
