Kiss Factory

Miss Kittin

No kiss, no kiss, no kiss
No kiss, around the clock
Only French ones left in stock
You an oyster the world is not
New kiss factory on the blockTwo kisses for the price of one
The delivery service has gone
You ask for more, you ask for more
Big orders only at the doorYou say you can't forget about me
Find me at the kiss factory
Open when the boss says so
Pay the bill and let me goWatching ourselves from above
We know how to rock and fall
Let the record spin
And click on the lip machineFamous minute number fifteen
Fifteen famous minutes kissing
Last second minute fifteen
Fifteen famous kisses missingYou say you can't forget about me
Find me at the kiss factory
Open when the boss says so
Pay the bill and let me goYou say you can't forget about me
Find me at the kiss factory
Open when the boss says so
Pay the bill and let me go
You say you can't, you say you can'tDial anti-hero line
You only can you only can pay me in kind
Dial anti-hero line
Asking are you really of my kind?You say you can't forget about me
Find me at the kiss factory
Open when the boss says so
Pay the bill and let me goYou say you can't forget about me
Find me at the kiss factory
Open when the boss says so
Pay the bill and let me go
