Desire

Raheem DeVaughn

Desire, where are you when I need you most?
Can't you tell the way I long for you?
I think it's unfairly wrong of you teasing me like you do, baby
Could it be you do it just for fun when you know I am the only one?
'Cause you know you are the only one IDesire
(Ooh, you make me)
Desire
(In the morning I)
Desire
(You, baby)
Desire
(Make me desire you, you, you, you)Desire, please tell me why must you make me beg?
Desire please stop running through my head
Is it that you love to play cat and mouse?
Give me a clue what to do, help me outPerhaps I'm your subject or just your muse
It feels so damn good to be used
When you know I am the only oneDesire
(Oh, I desire you)
Desire
(I can't help the way I desire you)Desire
(Oh)
Desire
(I can't sleep at night, at night)Desire
(I wanna, I wanna touch you with)
Desire
(Desire you)Desire
(Passionately with desire)
Desire
(I wanna kiss you with every)Every, every part of me wants every part of you, I desire you
(Yeah)
I desire you, I desire you
(I desire you)
I desire you, I desire you
(If there ever was a time, baby)
(Desire you, I would say the time is now)I desire you, I desire you
(Come to me, ooh)
(It's urgent, can't you, can't you hear it in my voice)
(How I desire you?)Desire
Desire

DesireDon't take too long
Don't take too long
Please come to me
