Stay This Way

The Brand New Heavies

Living with you in my life
Is like feeling the whole worlds on my side
Putting a smile in the place
Where a tear used to run down my faceFeeling the sun on my head
Where a cloud used to follow instead
Singing a song in my heart
In a place where all my troubles departIf our dreams are falling down to the ground
Let them fly
Let the rain keep falling down
'Cause baby Im highNow it will fly
Now that we're together
Love is so high
Stay this way foreverWith you in my life
Is like feeling the whole worlds on my side
Putting a smile in the place
Where a tear used to run down my faceIf our dreams are falling down to the ground
Let them fly
Let the rain keep falling down
'Cause baby Im highNow it will fly
Now that were together
Love is so high
Stay this way foreverOur love, yeah yeahLove will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever

I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay togetherLove will be here forever
I know that well stay together
Our love will be here forever
