

The Brand New Heavies

Living with you in my life
 Is like feeling the whole worlds on my side
 Putting a smile in the place
 Where a tear used to run down my face
 Feeling the sun on my head
 Where a cloud used to follow instead
 Singing a song in my heart
 In a place where all my troubles depart
 If our dreams are falling down to the ground
 Let them fly
 Let the rain keep falling down
 'Cause baby Im high
 Now it will fly
 Now that we're together
 Love is so high
 Stay this way forever
 With you in my life
 Is like feeling the whole worlds on my side
 Putting a smile in the place
 Where a tear used to run down my face
 If our dreams are falling down to the ground
 Let them fly
 Let the rain keep falling down
 'Cause baby Im high
 Now it will fly
 Now that were together
 Love is so high
 Stay this way forever
 Our love, yeah yeah
 Love will be here forever
 I know that well stay together
 Our love will be here forever
 I hope that well stay together
 Love will be here forever
 I know that well stay together
 Our love will be here forever
 I hope that well stay together
 Love will be here forever
 I know that well stay together
 Our love will be here forever
 I hope that well stay together
 Love will be here forever
 I know that well stay together
 Our love will be here forever
 I hope that well stay together
 Love will be here forever
 I know that well stay together
 Our love will be here forever

I hope that well stay together Love will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay together Love will be here forever
I know that well stay together
Our love will be here forever
I hope that well stay together Our love will be here forever
If we'll stay together
