

We

Joy Williams

She's independent and beautiful
Wish I could be like her
She's got the girls and the boys
So wrapped around her finger
Rumor is she's some kind of dream
Nobody knows she cries herself to sleep
We are not that different from each other
We just want somebody to discover
Who we really are when we drop our guard
That love has gotta start with you and me
We
He's on the top of the social scene
He's stylish, cool and clever
He's gotta cool attitude that screams
He's got it all together
You'd think he's addicted to himself
But he wishes he could be someone else
Gotta come together
You know you never ever have to be alone
You gotta hand to hold
