Got to get to know
Got to get to know
Got to get to know
Got to get to knowGot to get to know
Got to get to know
Got to get to know
Got to get to know
know you

know you
know you
know you
know youGot to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to knowStraight of out nowhere
The greatest thing
See nothing like it
Just like a dreamGot to get to know
Got to get to know
Got to get to know
Got to get to know
know you
know you
know you
know youGot to get to know

Got to get to know
Got to get to know
Got to get to know
know you
know you
know you
know youGot to get to know
Got to get to know
Got to get to know
Got to get to know
know you
know you
know you
know youGot to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to knowStraight of out nowhere
The greatest thing
See nothing like it
Just like a dreamNothing to feel like
Hot as a drum
Blinded by impact
Left deaf and dumb(I got to get to know)
(I got to get to know)
(I got to get to know)
(I got to get to know)
