know you
know you
know youGot to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to know
Got to get to knowStraight of out nowhere
The greatest thing
See nothing like it
Just like a dreamGot to get to know
Got to get to know
Got to get to know
Got to get to know
know you
know you
know you
know youGot to get to know

Got to get to know
Got to get to know
Got to get to know
 know you
 know you
 know you
know youGot to get to know
 Got to get to know
 Got to get to know
 Got to get to know
 know you
 know you
 know you
know youGot to get to know
 Got to get to know
 Got to get to know
 Got to get to know
 Got to get to know
 Got to get to know
Got to get to knowStraight of out nowhere
 The greatest thing
 See nothing like it
Just like a dreamNothing to feel like
 Hot as a drum
 Blinded by impact
Left deaf and dumb(I got to get to know)
 (I got to get to know)
 (I got to get to know)
 (I got to get to know)
