

Magic (Feat. Gary Go)

The Knocks

Yeah!

Yeah!

Hey we got the magic

You're the only one who can keep me dancing

It's something I imagine

You're the only one who can keep me dancing

Keep me dancing

Keep me dancing

Keep me dancing

You're the only one who can keep me dancing

And when the night falls, and when the night falls

it's magic

and when the lights call, when the lights call

it's magic

Hey it's automatic

You're the only one who can keep me dancing

It's hard to understand it

You're the only one who can keep me dancing

And when we try to find the light, we only find it's hard to see it

(hard to see it, hard to see it)

But then we hold each other tight and watch our problems disappear

(Let them disappear, it's magic)

And when the night falls, and when the night falls

it's magic

and when the lights call, when the lights call

it's magic

Oh-oh-o

Oh-oh-ooo

Keep me dancing

Keep me dancing

Keep me dancing

You're the only one who can keep me dancing And when the night falls, and when the night falls

it's magic

and when the lights call, when the lights call

it's magic

Hey we've got the magic,

You're the only one who can keep me dancing

It's hard to understand it

You're the only one who can keep me dancing

Keep me dancing

Keep me dancing

Keep me dancing

You're the only one who can keep me dancing
