

You're Gonna Look Fine, Love

Shudder to Think

You're gonna look fine love
I got burned bad
but to wit
you look finethe real big lovelies get two valentine fingersYour eyes are all dry
you're gonna look fine love
the real big lovelies get two valentine fingersI've got a gold chain
inside a bowl
atop a silk flameyou look fine
you're gonna look fine love
real big lovelies
hup two valueI hold you to me
to me
to me
I hold you to me
to me
to
me too
me meI hold you to me untilYour eyes are all dried up
you've got a little fat butt
two wings
you look fine
the real big lovelies get two
valentine fingersI've got a dope chain
inside a bowl
beside a silk framedog-catty people out looking for the rain
I swear upon a sequel
I'd been looking for the main road to
remain your baby
scared silly people out looking for the rain
they've got no
