

# Gateways of Bereavement

## Katatonia

I stand as I cry  
Mourning in the silent rain  
Death will light my burden  
Endless is my sorrow  
Gateways so dark  
All these years of dying  
Gone are dreams of velvet voices  
I am you, we were one  
Vast are fields I walk  
Where sorrow never dies  
The sky unities with the blackened rain  
Summon with my tears  
Now descend on winter wings  
My withering soul. Let me die.  
Gateways of bereavement  
A temple of guilt  
Falling deep  
Embraced in grief  
My withering soul  
Let me die  
Farewell life and all I died for  
Now my time is over on earth  
Another journey has begun  
Alone I died, not praying for mercy  
Nor praying for salvation  
A lonely journey in a darkened dream  
Time has come to spread my wings
