I believe in something else  
Now go bother someone else  
Stick your fingers in your book  
Take a better second look  
You crook  
I hate it when you breach my space  
And I hate it when you preach your case  
And you should go down  
Down  
Save someone else  
I think I should warn you  
I think I should tell  
What you've been doing  
It makes you go to hell  
I hate it when you preach your case  
It makes me want to stick my fist through  
Your face  
And you should go down  
Down  
Save someone else  
Can your preacher bring me down?  
Oh, that's what I thought  
I hate it when you breach my space  
And I hate it when you preach your case  
And you should go down  
Down  
Save someone else
