

# Candy

## Nat "King" Cole

Candy, I call my sugar Candy  
Because I'm sweet on Candy  
And Candy's sweet on meShe understands me  
My understanding Candy  
And Candy's always handy  
When I need sympathyI wish that there were four of her  
So I could love much more of her  
She has taken my complete heart  
Got a sweet tooth for my sweetheartCandy, it's gonna be just dandy  
The day I take my Candy  
And make her mine, all mineCandy, I call my sugar Candy  
Because I'm sweet on Candy  
And Candy's sweet on meYou wish that there were four of him  
So I could love much more of him  
He has taken your complete heart  
You got a sweet tooth for your sweetheartCandy, it's gonna be just dandy  
The day I take my Candy  
Gee, how the sun will shine  
On the day my Candy's mine
