

# A

## Bucketheadland

And you can take this however you want  
Yeah you can take this however you want  
Don't be so so sure this is all it adds up to you  
    You're justified  
But there's no justice if it's just a lie  
    No, go and find yourself  
    You will if you look inside  
    And I'll never know  
    And you never will  
    Still I'll never know  
And you won't until someone stands up  
    Then you'll get some answers  
And you can take this however you want  
Yeah, you can take this however you want  
Just don't waste your breath unless you can save us  
    And tell me can you?  
    Can you save us?  
    Can you save?  
    Can you save us?  
    This can't go on  
Without the meaning in the rhyme  
    Can you save?  
    Can you save us?  
    I can't go on  
Out of rhythm with our time  
    Can you save?  
    Can you save us?  
    I can't go on  
Without the meaning in the rhyme  
    Can you save?  
    Can you save us?  
    I can't go on  
    Out of rhythm with our time  
Our days were numbered by nights on too many rooftops  
    They said we're wasting our lives  
Oh, at least we know that if we died we lived with passion  
    They said we burned so bright  
Our days were numbered by nights on too many rooftops  
    They said we're wasting our lives

Oh, at least we know that if we died we lived with passion  
They said we burned so bright  
Our days were numbered by nights on too many rooftops  
They said we're wasting our lives  
Oh, at least we know that if we died we lived with passion  
They said we burned so bright  
[Inaudible]When what you want is what you're getting  
When what you want is what you're getting  
They're catching onto us  
When what you want is what you're getting  
They're catching onto us  
When what you want is what you're getting  
They're catching onto us  
When what you want is what you're getting  
They're catching onto us  
When what you want is what you're getting  
They're catching onto us  
[Inaudible]We know there's an answer  
We know by going home we'll find it by ourselves  
We know there's an answer  
We know by going home we'll find it by ourselves
