Candidate For Suicide

Hank Williams Iii

Well I'm A Candidate for suicide the more that I get old, I'm A candidate for suicide the drugs have taken their toll, I'm A candidate for suicide I was raped at 8 years old, Well I'm A candidate for suicide cause im a cheap liar and a whore.
(CHORUS)Well I've been busted up and beaten down no self esteem to make me proud Anti-social depressed and Cursed well I hope I feel better when I'm riding in that Hurst and all my emotions have left me and I no longer hurt(CHORUS)

Well I'm A candidate for suicide cause im burned out from too far gone
Well I'm A candidate for suicide no matter what I do it seems wrong
Well I'm A candidate for suicide cause I hurt the ones I love
Well I'm A candidate for suicide caused Ive never laughed at much
