

I Found You

Jaheim

If it's my last day to live then
I wanna spend it with you
And if it's my last day to eat then baby
I made reservations for two
And if it's my last day to breathe then baby
Spray some more of your perfume
If it's my last you don't have to ask
'Cause I just want to be with you
You, you
Some people never find who they wanna trust
And some people never find true love, love But I found you
I found you
I found you
And I found you
I found you If it's my last day to sleep then
I wanna wake up to you
And if it's last day to see then baby
I got you in my view
And if it's my last day to talk to you baby
Then let me whisper something to you
Girl I love, girl I love you
Girl I love you
Some people never find who they wanna trust
Someone they can trust is tht asking too much?
And some people never find true love
But I found you But I found you
I found you
I've been looking for you baby
I found you
And I found you
I found you With God as my witness
I'll own a box with a bow
With a diamond that glows
And let everybody know
Shorty got me down on one knee
No woman ever done that before Just close your eyes
Surprise, surprise, surprise
Pretty little flower girl
Hold the tail on your gown

Angel on earth
Look what I found you
When I found you girl
I found the good thing in you
In you
But I found you
You and you and you and you
I found you
But I found you
You and you and you and you
And I found you
I found you
