

# Planet Caravan

## Black Sabbath

"Planet Caravan"  
We sail through endless skies  
    stars shine like eyes  
    the black night sighs  
The moon in silver trees  
    falls down in tears  
    light of the night  
The earth, a purple blaze  
    of sapphire haze  
in orbit always  
While down below the trees  
    bathed in cool breeze  
silver starlight breaks down the night  
And so we pass on by the crimson eye  
    of great god Mars  
as we travel the universe
