Walk On

Roy Orbison

Walk on
If you should meet
Walk on
On down the streetWalk on
Don't even look
Walk on
Close up the bookWe don't want the world to see us
Like we are
We should never have even
Gone this farQuickly brush away that teardrop
Walk away darling, don't stop
Don't look back for me
Baby, walk onWalk on
Don't turn around
Walk on
To higher groundTake the love we shared together
Keep it in your heart forever
Don't forget me
Oh, baby, walk onIf you ever loved me
Baby, walk on
