

Stronger

Kasey Chambers

I'm a little bit stronger
I'm a little bit wiser
It's a little bit clearer in my mind
I can shout a bit louder
I can feel a bit prouder
But nothin' makes sense to me this time I'm a little bit older
I'm a little bit surer
I can fight a bit harder against the tide
I can make it sound better
Much better than shatter
But nothin' makes sense to me this time I thought it was good, I thought it was fine
Thought it was just a matter of time
The sun would shine
I held my breath, I covered my eyes
Thought I was just clearin' the skies
The sun would shine I'm a little bit braver
I'm a little bit wilder
I can say a bit closer to the light
Oh, I can stand a bit taller
Like I wouldn't fall over
But nothin' makes sense to me this time I thought it was good, I thought it was fine
Thought it was just a matter of time
The sun would shine
I held my breath, I covered my eyes
Thought I was just clearin' the skies
The sun would shine If my color fades to white
Should I hold my head up high? I thought it was good, I thought it was fine
I thought it was just a matter of time
The sun would shine
I held my breath, I covered my eyes
Thought I was just clearin' the skies
The sun would shine I thought it was good, I thought it was fine
Thought it was just a matter of time
The sun would shine
I held my breath, I covered my eyes
Thought I was just clearin' the skies
The sun would shine
