

Perfect World

Gossip

Oh, oh, oh
Evolution, made it my mission
To win the conflict...
Evolution, be my accomplice...

Chorus:
Relax, it's only dreaming fast
Give away to feelings
No, you never escape
Now it's over when you wake up
So I know that it was
In the picture perfect world
You could be my more than before
Said it was, I may be stronger!

The new beginning,
My head is spinning
The perfect start, and oh, oh...
A... a new religion
I found your heart, oh, oh, oh

Chorus:
Relax, it's only dreaming fast
Give away to feelings
No, you never escape
Now it's over when you wake up
So I know that it was
In the picture perfect world
You could be my more than before
Said it was, I may be stronger!
In the picture perfect world
You could be my more than before
Said it was, I may be stronger!

Don't get mad, you did your best,
And now we're in the past to stay
Till I know that it was

Chorus: (x2)
In the picture perfect world

You could be my more than before
Said it was, I may be stronger!
