Run Run Run

Concrete Blonde

You go crazy, you get tossed
You go running around
Until you know you're gonna fall off
He knows what you need
He knows how much, how much you wantKnock familiar, welcome in
Can't believe that you let him
Introduce you as a friend
But you're always polite
In case you need him again
No not again, no not againCan't believe the way I see you
Run, run, run
Can't believe the way you bleed when you
Run, run, run
Are you having fun?
RunHands are shaking, lips are cracked
You swore, I heard you swear
That you were never coming back
But one more time, just one more night
And once again, you lost the fight, fight
So fight a little harder nowCan't believe the way you bleed when you
Run, run, run
Can't believe the way you need to
Run, run, run
Are you still as young as you started?
When you started to run?Can't believe the way I see you
Run, run, run
Can't believe the way you bleed when you
Run, run, run
Are you having fun?
Run, run, run 'till you drop
