

# Make the Bed (feat. Jason Derulo)

**K. Michelle**

Late night we jump and we jump in the deep end  
I just wanna have you  
I just wanna to have you  
Each day we fightin' and we fightin' the feelin'  
Uh, you know we don't have to  
You know we don't have to Bodies both connected  
We'll be still pretending  
Like we haven't crossed the line Tell me why do we, why do we, why do we make the bed  
When we know we gonna mess it up again (oh)  
Why do we, why do we, why do we say we're friends  
When we know we gonna mess it up again (oh)  
(Oh)  
Why do we, why do we, why do we make the bed (oh)  
Why do we, why do we, why do we Shadows be dancin' and they dance on the ceilin'  
Faded off your perfume  
Faded off your perfume, yo  
We gon' throw off them covers and cover the feeling  
You on me like a tattoo  
You on me like a tattoo Bodies both connected and we'll be  
Still pretending, like we  
Haven't crossed the line baby Tell me why do we, why do we, why do we make the bed  
When we know we gonna mess it up again (oh)  
Why do we, why do we, why do we say we're friends  
When we know we gonna mess it up again (oh)  
(Oh)  
Why do we, why do we, why do we make the bed (oh)  
Why do we, why do we, why do we make the bed (oh)  
Why do we, why do we, why do we make the bed (oh) Oh!  
Can't run from it baby  
It's too late to be crazy  
Can't we take the covers off and carry on  
We can't run from it baby  
It's about time we both face it  
Can we stripe the covers off and carry on Why do we, why do we, why do we make the bed  
When we know we gonna mess it up again (oh)  
Why do we, why do we, why do we say we're friends (make the bed)  
When we know we gonna mess it up again (oh)  
(Oh)  
Why do we, why do we, why do we make the bed (oh)

(Oh)

Why do we, why do we, why do we make the bed (oh)

Why do we, why do we, why do we make the bed yeah
