

Road to Hell

Sleigh Bells

Go away for awhile,
Cause you cant,
Cause you cant see this againTake a break from your friends,
If you ever,
If you ever wanna see them again
Can you think for yourself,
Just once
Youre never gonna get back home,
Cause youre gonna discover
Ah-ah
Alone on the telephone
Dont run away
From me, baby
Just go away from me, baby (x2)
Road to hell (x8)
Go away for awhile
If you can,
You can be my only friend
When youre tied to the bed,
Ah-ah-ah,
We can learn how to begin
Take apart this verse,
Again
If youre so good at offense,
I can say these words again
If you know how to defend
Dont run away
From me, baby
Just go away from me, baby (x2)
Road to hell
