

# Shattered Soul

## The Herbaliser

[music: Puolakanaho & Hiltula & EToS]

[lyrics: Puolakanaho & Vetelinen] And the ancient mystic words misled me...

They reached my hidden innocence

So the sweetest moments of the perfect beauty...

Turned to the hours of the deepest despair I'm nothing but a shattered soul...I cannot see...

Been ravaged by the chaotic beauty

Ruined by the unreal temptations...I cannot flee...

I was betrayed by my own beliefs And my heart betrayed all dead emotions...

I could hear my breath even if I did not breathe

Now the changing tides wash over me...

And the freezing breath breezes through me I'm nothing but a shattered soul...I cannot see...

Been ravaged by the chaotic beauty

Ruined by the unreal temptations...I cannot flee...

I was betrayed by my own beliefs I'm nothing but a shattered soul...

Been ravaged by the chaotic beauty...

Ruined by the unreal temptations...

I was betrayed by my own beliefs...
